WASHINGTON—Today, U.S. Representative Mike Quigley (IL-05) hosted a briefing for Capitol Hill staff about the importance of Title X family planning programs with the National Family Planning and Reproductive Health Association (NFPRHA) and the Planned Parenthood Federation of America. The briefing highlighted family planning's role in the lives of women, as well as how Title X saves the federal government money and reduces abortions.

"No matter where you fall on the political spectrum, everyone should support family planning," said Quigley. "It's vital to women's health, saves money, and reduces abortions."
