Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for CTA Brown Line Rockwell Station Modernization Project in fiscal year 2025. The entity to receive funding for this project is the Chicago Transit Authority (CTA), located at 567 W. Lake St Chicago, IL 60661. The funding would be used for the modernization of the exterior elements of the Rockwell Brown Line Station including platform replacement, new station signage and digital arrival and departure signs. The project is an appropriate use of taxpayer funds because it offers CTA riders a better transit experience by making investments in a station exterior that hasn't seen notable investment in 30 years.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Mike Quigley".
