Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Wilbur Wright Mechanical and Plumbing Upgrades project in fiscal year 2027. The entity to receive funding for this project is Wilbur Wright College located at 4300 N. Narragansett Ave, Chicago, IL 60634. The funding would be used to meet critical building needs to upgrade their hot water and plumbing within the Science and Events Buildings. The project is an appropriate use of taxpayer funds because it directly supports the educational and community benefits mission of Wilbur Wright College by ensuring the campus remains safe, welcoming, and energy efficient. These upgrades will support the college's mission to provide accessible and affordable education for a diverse student population and enhance its role in supporting economic mobility and growth in the region.

The project has a federal nexus because the funding provided is for purposes authorized by 42 U.S.C. 5305(a)(4). I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mike Quigley
