The Honorable Robert Pittenger
U.S. House of Representatives
Washington, D.C. 20515

Dear Representatives Quigley and Pittenger:

On behalf of the National Association of Federal Credit Unions (NAFCU), the only trade association exclusively representing the federal interests of our nation's federally-insured credit unions, I write today in support of your legislation to create credit union and community bank advisory committees at the Treasury Department.

While Treasury often engages credit unions, this legislation will formalize credit union engagement with the Department, helping to ensure that the credit union perspective continues to be heard. Credit unions did not cause the financial crisis, but are being increasingly burdened with regulations aimed at those who did. Your legislation will ensure that as Treasury and the Administration set future financial services policy, credit unions will have a seat at the table to provide feedback and input.

NAFCU and our members thank you for your leadership on this important issue. We look forward to continuing to work with you to move this legislation forward. If we can be of additional help in any way please contact me or Chad Adams, NAFCU's Associate Director of Legislative Affairs, at 703-842-2265 or cadams@nafcu.org.

Sincerely,

Brad Thaler
Vice President of Legislative Affairs
